**From Book 1:** It's 1830, in an alternate Britain where the 'scientific' principles of magic were discovered sixty years previously, allowing the British to win the American War of Independence. Although Britain is now supreme among the Great Powers, the gulf between rich and poor in the Empire has widened and unrest is growing every day. Master Thomas, the King's Royal Sorcerer, is ageing and must find a successor to lead the Royal Sorcerers Corps. Most magicians can possess only one of the panoply of known magical powers, but Thomas needs to find a new Master of all the powers. There is only one candidate, one person who has displayed such a talent from an early age, but has been neither trained nor officially acknowledged. A perfect candidate to be Master Thomas' apprentice in all ways but one: the Royal College of Sorcerers has never admitted a girl before.

But even before Lady Gwendolyn Crichton can begin her training, London is plunged into chaos by a campaign of terrorist attacks co-ordinated by Jack, a powerful and rebellious magician.

The Royal Sorceress will certainly appeal to all fans of steampunk, alternate history, and fantasy. As well as the fun of the 'what-ifs' delivered by the rewriting of our past, it delights with an Empire empowered by magic – all the better for being one we can recognise. The scheming and intrigue of Jack and his rebels, the roof-top chases and the thrilling battles of magic are played out against the dark and unforgiving backdrop of life in the sordid slums and dangerous factories of London. Many of the rebels are drawn from a seedy and grimy underworld, while their Establishment targets prey on the weak and defenceless. The price for destroying the social imbalance and sexual inequality that underpin society may be more than anyone can imagine.

Christopher Nuttall has been planning sci-fi books since he learned to read. Born and raised in Edinburgh, Chris created an alternate history website and eventually graduated to writing full-sized novels. Studying history independently allowed him to develop worlds that hung together and provided a base for storytelling. After graduating from university, Chris started writing full-time. As an indie author, he has published five novels (so far) through Amazon Kindle Direct Publishing. The Royal Sorceress is his first novel to be professionally published. Chris is currently living in Borneo with his wife, muse, and critic Aisha.
