## **Savage Shore: Life and Death with Nicaragua's Last Shark Hunters** Edward Marriott

Nicaragua's Atlantic coast is home to the most dangerous of fish, the bull shark, a lethal predator with a fearsome appetite and the only shark that swims in inland waters. Braving Nicaragua's hurricane-torn wilderness of mangrove swamps, Edward Marriott joins the last surviving shark fishermen to sail in a dugout canoe and fish for sharks with a hand line.

As Marriott charts the life of the bull shark, its migrations, its voracious feeding patterns, and the treasures it offers -- oil for vitamins, hide for leather, and fins for soup -- he reveals lives spent in fear and awe in the shadow of a monster that can sniff fresh blood a mile away. He also tells a tale of human greed: an elemental community, battered by civil war and natural disasters, is now degraded beyond repair to the point of providing bounty for modern-day pirates.

A gripping narrative of risk and adventure, a poignant record of loss and corruption, *Savage Shore* confirms Marriott as one of our most original and insightful travel writers.
