The Nostradamus Revelation: An Omega Sector Thriller: (Donovan Stone Book 1) Vincent Pauletti

A mysterious artifact from an ancient relic once belonging to Alexander the Great is found on the illegal antiquities market and the race to save the world begins. That's where Major Donovan Stone and his elite team of Omega Sector operatives come in. Called upon by the American government to prevent a cataclysmic disaster threatening the entire world, Stone and his team are up against not just a geological deadline but formidable foes from within the American government and military itself.

Using the mysterious Nostradamus Manuscript, Stone and his team will need to survive ancient traps, solve harrowing riddles and try not to die in the process. All before the start of the last Total Solar Eclipse of 2012.

With time, an army of well-financed mercenaries, and thousand year-old booby traps around every corner, can Stone and his team find the ten relics before the prophesied deadline? Or, will they fall into enemy hands? And, if they do, what will become of the fate of the world?

All these questions can be answered in The Nostradamus Revelation...
