How I Raised Myself From Failure to Success in Real Estate Marcus Arce

The information in this book is based on the author's own experience. In it you will learn how, not once but twice, he used real estate to regain lost financial ground sooner than most would think possible.

An interesting read for anyone looking for a way to do better by reading how the author did just that. Also an excellent primer on investing in residential real estate.

No pie-in-the-sky here...just real-life facts and figures from the the author's own investments.

This is not a get-rich-quick book! But you will learn how the author, in his thirties and again in his retirement, made the most out of an opportunity we can all take advantage of.
