Action!: Nothing Happens Until You Take... Robert Ringer

***New York Times* #1 bestselling author Robert Ringer shows you how to take action and take control of your life.**

Ideas can change the world. But ideas, preparation, and even intelligence are all but useless without action, because action is the *starting point* of all progress. Nothing happens until something moves, so if you wait for something or someone to act *on* you, you likely will be unable to control the consequences.

Defying conventional wisdom, *Action!* explains why, contrary to popular belief, you don't need to be motivated to take action. If necessary, *force* yourself to take action, and motivation will follow. In other words, action is the key to the brain's ignition. Take action *first*, and your creative juices will rise to the occasion, which, in turn, will motivate you to take still more action.

Robert Ringer makes it clear that long-term happiness is a result of taking rational actions that are in accordance with universal principles. As such, rather than focusing on happiness, the author urges the reader to focus on truthful, value-oriented, self-disciplined action, because such action will lead to happiness as sure as day follows night.

Action! is an exhilarating reminder that there's a lot more to life than merely surviving. Filled with humorous and enriching stories and anecdotes, *Action!* exhorts the reader to "Forget about taking action next week; forget about taking action tomorrow; forget about taking action in an hour. When you close this book, get up out of your chair and take action *now*."
