Los Alamos

William Eggleston, Walter Hopes, Thomas Weski

Los Alamos William Eggleston, Walter Hopes, Thomas Weski

"I had this notion of what I called a democratic way of looking around, that nothing was more or less important," William Eggleston once said. This radical attitude guided his ground-breaking work in color photography, work that has prefigured many recent developments in art and photography. *Los Alamos* presents a series of photographs that has never before been shown, yet it contains a blueprint of Eggleston's aesthetics, his subtle use of subdued color hues, the casual elegance of his trenchant observations of the mysteries of the mundane. The photographs in *Los Alamos* were shot in Eggleston's native Memphis and on countless road trips across the American South from 1964 to 1968 and from 1972 to 1974. Initially, Eggleston wanted to create a vast compendium of more than 2000 photographs to be contained in 20 volumes; he wanted the viewer to look at the photographs the way one looks at the world. He eventually abandoned this project--and hardly any of the negatives were ever printed. Now, 30 years later, we finally get to see a selection of this encyclopedia of Southern everyday life and vernacular culture. It's a stunning discovery that makes the so-called snapshot photography of recent years pale in comparison. Eggleston's astonishingly timeless portraits, still lives, landscapes, and photographs of buildings add up to a profound investigation of the world and our way of looking at it, a poetics of pleasures hidden in full view. They transcend the merely descriptive and uncover the universal encapsulated in the details and the detritus of life in a consumer culture. Published in collaboration with Museum Ludwig, Cologne.

One of the few geniuses in photography. --*Andy Grundberg*

The world is so visually complicated that the word "banal" scarcely is very intelligent to use. All days are similar, no matter what part of this planet we're in. --*William Eggleston*

Essays by Walter Hopps and Thomas Weski.

Hardcover, 11.75 x 11 in., 224 pages, 97 color illustrations
