The Thunder Agents Companion Jon B. Cooke

- The heroes who never die! Though the T.H.U.N.D.E.R. Agents had a relatively short life during their initial run in American comics during the 1960s, you just can't keep a good team down, as evidenced by their periodic revivals over the years. This is the authorized, and definitive, book on the history of such memorable characters as Dynamo, No-Man, Lightning, Andor, the Iron Maiden, and all the other super-heroes and super-villains created by the late, great Wallace Wood and company.
- To celebrate the team's 40th anniversary, included are interviews with Woody's creative team, as well as those superb writers and artists involved in the various T-Agents resurrections over the decades, and a detailed examination of the origins and exploits of the characters themselves, including the shocking truth behind the first super-hero to ever be "killed," Menthor, the master of mental force!
