Everything You Need to Know About the Role Played By Nutrients in the Health of Dogs & Cats P'
Dominique Grandjean

This book reviews each of the elements that any quality cat or dog food must contain. Comprehensiveley illustrated encyclopedic information sheets will help you understand the vaule of the various fiber types, the need for certain vitamains, and the crucial role of proteins, lipids and carbohydrates. Professor Dominique Grandjean is Director of the Sports and Breeding Medicine Unit at the National School of Vetrinary Science in Alfort (France) where he teaches and researches animal nutrition. In this book, he has compiled the most up-to-date knowledge in the constantly evolving field of cat and dog nutrition. Indeed, what other field as undergone such fast developments, providing ever more accurate knowledge, than that of nutrition? We all know that nutrients do not only help take the edge off hunger! They also constitute the building blocks that build (or destroy) organs, tissues or the skeleton and keep the body in good running order (of the opposite).
