**Israel and The Endtimes: Writings on the Logic and Surface Turbulence of History** Eugene Narrett  
The ethics, laws, origins and hopes of Western civilization are rooted in the history of the Jewish people and their unified way of life, Judaism. Why then has Western civilization for so long abused the Jewish people and, since 1920, their attempts to rebuild and develop their ancient nation? Why especially now when Israel serves as the West's bulwark against terror, do western elites facilitate the destruction of Jewish sovereignty and of Jewish life in its holy places, hills, farms, and towns? Eugene Narrett's remarkable study looks to the composite roots of western civilization for perspective on these questions. His knowledge of ancient and modern history and his remarkable ability to integrate disciplines produce startling analysis and answers to the most pressing issues of our time.
