## **Noble Secrets** Cecilia Dominic

A dangerous man from her past. A handsome duke in her present. Secrets that threaten their future.

Discover the Aether Psychics series, where science has endless potential and love overcomes boundaries, with this prequel novella of about 94 pages. Library Journal hailed the first Aether Psychics book *Eros Element* as "Golden Compass by Philip Pullman meets *The Guns of the South* by Harry Turtledove...a compelling world with many provocative and unanswered questions."

After tragedy hits and danger moves in, Pauline Donahue flees London, searching for sanctuary and a way to start over. A job at a small university provides the escape she needs. Keeping recalcitrant professor Edward Bailey on task after a shattered heart renders him broken and destroyed becomes her daily routine. But when the same vicious man from her past sets his malicious sights on Pauline, her safe haven comes crashing down.

Duke of Waltham, Christopher Bailey, never counted on the gentle commoner, Miss Donahue, to save his brother--and himself--from broken pasts and a lifetime of mistakes. But she does just that. As their love blossoms, danger closes in, threatening Pauline and Christopher's lives. Together, they are forced to face their biggest fears, revealing secrets that could ruin them both.
