True Viking Saga of the Viking Age: Massacre, Invasion, and Greatness

Viking History, the Viking Age, and Viking Sagas are the most enthralling and captivating historical stories ever. The Viking Warrior Berserker is the most elite and by far the greatest of all Viking Warriors. They have invaded England's shores on the Holy Island of Lindisfarne. The first order of business is the massacre, looting, and enslavement of the island.

Follow Adrian Ambrose as he details, in his trademark exciting narrative style, this true Viking Saga that ends in one great man's stand against an army of 15,000 on a narrow bridge. This is truly one of history's greatest moments.

Excerpt From Book

They are the pagan fanatics that hail from the rugged, harsh, and frozen lands of Scandinavia. They are said to be drug fueled warriors who have the ability to transform into wild animals. History remembers them for their bloodlust and ruthless head first approach into battle. Amongst the most feared and efficient killers of their times, they are making their way through Medieval Europe leaving a trail of scorched towns and blood soaked earth behind them. Ahead of them terror lurks in the hearts of the peace loving Christians in their path. They are the legendary Viking Berserkers. One Berserker will stand alone and battle hundreds of soldiers on an English bridge in 1066 and solidify his brethren Berserker's place as some of history's most elite ancient warriors. This is the true story of Harold Hardrada and his elite Viking Berserkers.

This book is one of five historical tales in Adrian Ambrose's *Fierce Ruthless Warriors That Changed the World*. You can download all five in the first volume on Amazon. Simply visit the author's page for the entire volume.

Q – So, what makes your new series, Most Fierce Ruthless Warriors That Shaped History, special?

A - Honestly, it is a mix of things. I love diving deep into history and the lesser known stories of those who shaped history. I'm not referring to the popular historical figures like Genghis Kahn, Alexander the Great, Charlemagne, or Julius Caesar. I mean the history regarding them is awesome stuff but this series makes a conscious effort to go beyond the typical textbook history.

In this series you get Ancient Assassins and the birth of terrorism, ancient Germanic Ghost Warriors and Rome's greatest defeat, Viking Berserkers and the invasion of England, and Viking Varangian Guard in the Byzantine Empire. We even cover the great Eagle Warriors of the Aztec Empire and Kamehameha's

Hawaiian Koa warriors, two cultures that were forced to face overwhelming odds when they encountered European forces for the first time. The history is fascinating; it goes into depth regarding how the cultures viewed the Europeans as gods and the recorded omens in their history that foretold the arrival of these strange forces. This series tells the histories of the greatest and most elite warriors throughout the world and history.
