Pottery in Archaeology (Cambridge Manuals in Archaeology) Clive Orton, Paul Tyers, Alan Vince

The study of pottery has become increasingly important over the past century, providing the archaeologist with information on many aspects of the past, including chronology, trade and technology. Recent scientific developments and statistical techniques have further contributed to this analysis of pottery. Pottery in Archaeology covers information obtained from over fifty years practical experience in the field and the latest research. The book will be essential reading for students, field archaeologists and anyone interested in working with pottery.
