The path to happiness is full of struggle and obstacles. How we handle those obstacles is what defines us as a person. James' life was no exception to this...

James was home for college gearing up for what was supposed to be a normal family vacation. If college wasn't stressful enough, James was dealing with the emotions of discovering his true sexuality. A trip to the mountains seemed like the perfect escape from his life. Unfortunately for him, the trip would only complicate his life further.

While taking a hike in the woods, James is confronted by a wild pack of wolves. With no where to run or hide, his life was in danger. Suddenly, he is rescued by a mysterious wolf. This mysterious and brave wolf turns out to be someone he knows, and someone he couldn't stand.

James' discovers a new world full of things he once thought impossible, including a man getting pregnant....himself.

The Omega's gift is a stand-alone novel full of twists and surprises. The content can at times be steamy and is not for the faint of heart.
