Excerpt from When Boston Braved the King: A Story of Tea-Party Times

The story of the Boston Tea-Party has been told many times, but still it offers to the story-teller a tempting theme. One thing which deserves to be brought more prominently to the front is the large share which the young people, the apprentices, the boys in the Latin School, and the Daughters of Liberty had in the making of public sentiment and the carrying out of daring projects in those momentous days.

This story is intended to be accurate in its representation of historic characters and events; to give a true picture of life and thought in Boston before the Revolution, and to bring to the front the young people of the time together with their interesting seniors.
