21st Century FEMA Study Course: Household Hazardous Materials - A Guide for Citizens (IS-55) - Inside and Outside the Home, Handling, Storage and Disposal, Disaster Prevention Tips Federal Emergency Management Agency (FEMA)

This Federal Emergency Management Agency (FEMA) independent training course manual from the Emergency Management Institute (EMI), in written form, introduces you to household hazardous materials and things you can do to protect yourself and your family from injury or death. This course was designed for the general public.

In the 1st unit, you will learn about basic chemical and physical properties, the ways chemicals enter your body, and the effects chemicals have on your body.

In the 2nd and 3rd units, you will learn about cleaning products, lead, mercury, gasoline, compressed gases, carbon monoxide, medical supplies, chlorine, pesticides, and much more.

In the last two units, you will cover labels, personal protective equipment, proper disposal methods, preventive measures to take before natural disasters, and less toxic alternatives.

Dangers from chemical products depend greatly on the individuals using them. Chemicals are safe to use when people read the directions and use them correctly.

As a bonus, this compilation includes Terrorism and Other Public Health Emergencies, A Reference Guide: a comprehensive book covering all aspects of terrorism and the threats posed by biological, chemical, and radiation agents. Planning For The Unthinkable: Preparation And Response In Public Health * Biological Agents * Chemical Agents * Radiation Emergencies * Terrorism And The Food Supply * Environmental Safety And Testing * The Role Of The Federal Government * Self-Care For Media * Range Of Public Reactions * Risk Communications During A Terrorist Attack Or Other Public Health Emergency * History Of Biological, Chemical, And Radiation Emergencies * Acronyms * Selected Web Sites * Epidemiology Glossary * Descriptions of Selected Sections of Acts Related to Public Health Emergencies * Family Disaster Planning—Five Steps to Safety * Disaster Supplies Kit * Personal Workplace Disaster Supplies Kit * Self-Monitoring Checklist * Reducing Stress and Renewing Energy * Helping Children and Adolescents Cope with Violence and Disasters.

This is a privately authored news service and educational publication of Progressive Management.
