**Entanglement: A Tales of Everyday Magic Novel** Gregg Braden, Lynn Lauber

*Entanglement*, the new novel based on the teachings of *New York Times* best-selling author Gregg Braden, explores the exciting world of quantum physics through the experiences of twin brothers.

Charlie and Jack Franklin have always experienced life differently than your average brothers. As children, each was able to sense when the other was in danger, when the other was sad, or when the other was happy. However, as adults, these two brothers took different paths: Jack stayed in their hometown to practice his art and Charlie joined the army, only to be deployed to Afghanistan.

After a frightening vision jolts Jack into consciousness, he begins his quest to get in touch with Charlie. Along the way, he encounters his high-school physics teacher, who helps him understand the connection the brothers have and the larger universal oneness of which we are all a part.
