Episode I: Parrallel Paths (The New Breed Chronicles) J.T. Lomasney

Ardia is not an ordinary young woman. She can do things other people simply can't. She is stronger and faster than anyone she has ever met to the point that her friends view her as superhuman.

For all of her powers the world has not been kind to Ardia. Growing up in the care of one of Armenia's foremost criminal bosses, she, and her powers, have been used to further the needs of a criminal organization that draws wealth from drugs, arms dealing and prostitution.

To make matters worse, her mother has just been murdered. Not just murdered, but savagely and brutally attacked in a bizarre and seemingly random incident. Now, with the help of the criminal known as Razmik, Ardia is seeking to bring her mother's killer to justice. What she doesn't know is that this killer is even less human than she is.

Why was her mother killed so horribly? What is that blurry shape in surveillance photograph, can it really be something other than a human? And what is the reason for her own abilities, powers that no one has ever seen let alone explained?

Meanwhile, half a world away, Homer is setting out on a similar quest. Raised in the jungle by a catholic missionary with a brutal past, Homer is anything but normal himself. Also imbued with strange abilities, and an even stranger appearance, Homer is about to step into the civilized world for the first time in his mission to find his father. What Homer doesn't know is that this mission will lead him to find out more about his own origins, his own primal instinct and his own emotions that he ever wanted to discover.

Who is his father? Where did he go to twenty years ago, after Homer was conceived? What is the real story behind his mother's death? And who really is Father O'Connor, the man who raised him, and a man who seems to have the darkest past of all?

Ardia and Homer have each set out on their own paths, each for their own reasons. Each of our heroes is spectacularly different from ordinary humans but the challenges and discoveries they will meet will effect the just as deeply as they would any normal soul. This is the story of how their separate paths will come to cross.

The New Breed chronicles are a series of novelette length episodes that will reveal the incredible, and sometimes horrifying origins, of our you heroes. Episodes 1, 2, and 3 have been released and collected in the volume "The Road to Together". Episode 4 is set to be released by the end of January.

J.T. Lomasney is a geeky dad, a science teacher and a nature writer from Ireland. His stories come from a variety of genres, often combining them in exciting ways. He has been described by some as the greatest author in this timeline, and possibly all timelines, and has been credited with inventing the letter "a". Okay, that last line was a little bit of a fib but he really is quite good and you should check him out for yourself.
