Are you ready to discover the mechanisms of ascension that support a modern path of spiritual initiation? If so, *A Modern Path of Initiation*, the second volume of *The Gospel of Sophia*, is a spiritual road map that can lead you to union with the divine through development of your higher self. Tyla Gabriel has written this “workbook” which takes the aspirant, step by step, towards reunification with the higher self and ascension into the spiritual world. Whereas her first volume, *The Biographies of the Divine Feminine Trinity*, presented a new cosmology of the Divine Feminine Trinity, the second volume in *The Gospel of Sophia* trilogy provides the aspirant with detailed descriptions of the mechanisms of earthly and cosmic nutrition streams that feed spiritual self-development. Numerous systems are described that aid the visualization and activation of the aspirant’s newly developing spiritual organs of perception. The *Gospel of Sophia* trilogy points to a new revelation based upon existing sacred records from myths, religions, and secret teachings of the mystery schools. From the introduction and re-awakening of a co-equal and separate trinity of Mother-Daughter-Holy Sophia that has been subsumed throughout *HIStory* to the mechanics of activating the etheric formative forces in one’s spiritual practice, Gabriel offers a fresh, bold cosmology that will surely resonate with the modern seeker. If you are an aspirant who seeks initiation across the threshold consciously and wants to master the mechanisms and tools of ascension, then *The Gospel of Sophia* trilogy is a must-read. Whether you are a scholar of esoteric subjects, a devotee of Mary, or an aspirant looking for a special spiritual teacher, Gabriel shows the path of how further spiritual development can unfold in your life.
