Dean has grown up knowing that there are dangerous, spooky, and mysterious mobs out there, but he never got the chance to get out of his small village to see them. Now that he's thirteen, he thinks that he can finally go out and do things on his own. But he can't look for dangerous mobs on his own, though. He'll need some help from an expert crew...or a group of teenagers that also want to get out of the village. With the help of Blair, a monster hunter; Fontaine, a guy looking for revenge on mobs that hurt his family; Emily, a girl who wants to get over her fears; and Chunky, Emily's pet ocelot, Dean will be able to accomplish his goals. What is Dean's goal exactly? He wants to fight some of the most dangerous mobs out there and find out the truth of the world. Are Ghosts really real? What makes a Blaze tick? What does it take to defeat an Enderman? Dean only really wants one thing--experience. He wants to be able to say that he's done all of these great and exciting things, but he needs to get out and do it first. Will Dean be able to adventure and live to tell the tale? What will he need to risk to get what he wants? Find out in his diary, The Monster Hunter Diaries.
