This two volume set presenting the proceedings of the Skempton Memorial Conference on Advances in Geotechnical Engineering held at the Royal Geographical Society, London, on 29-31 March 2004. With the conference's commemorative theme, the first volume reprints the Royal Society of London's short biographical memoir on anti-Professor Sir Alec Skempton and offers a set of invited articles that reflect on his contributions to engineering geology, slope stability and the history of civil engineering.
