Cengage Learning's History CourseMate brings course concepts to life with interactive learning, study tools, and exam preparation tools that support the printed textbook. Use Engagement Tracker to monitor student engagement in the course and watch student comprehension soar as your class works with the printed textbook and the textbook-specific website. An interactive eBook allows students to take notes, highlight, search, and interact with embedded media (such as quizzes, flashcards, and videos). Features such as "Visual Evidence" and "World History in Today's World" show students how to analyze visual evidence and how historical developments have influenced current issues. Access to the History Resource Center, a "virtual reader," provides students with hundreds of primary sources. Learn more at www.cengage.com/coursemate.
