Sacred Feminine Awakening: Wisdom From Mary Magdalene on Healing the Self Misa Hopkins

Did you know that Mary Magdalene was one of history's most powerful healers and teachers? Her deep, timeless healing approaches illuminate a simple, direct and clear path that apply beautifully today. Mary imparted these teachings to author Misa Hopkins in a series of dreams and visions to empower you with ways to create a spiritual and emotional environment within yourself where true healing can happen.

Mary's methods encompass a Four-Fold Path, a total approach empowering you to create a deep healing state for addressing both emotional and physical pain. Hopkins was guided to combine this with the ancient Native meditation practice of Holding, which she also previously received through visionary experiences. As a healer who has healed from her own chronic illnesses, helped others heal, and taught healing practitioners around the world, she also includes some of her own insights for greater understanding about how to apply Mary's ancient wisdom for healing. This masterful interweaving of wisdom forms the second in Hopkins' Sacred Feminine Awakening series of short, powerful reads.
