***Note: This short gay romance contains hot gay m/m sex scenes**

Andy knows he's dangerously close to doing something which could cost him his job. He's hot for his boss's son, Cody, in spite of the guy being everything he doesn't want in a man: pretty-faced and in the closet. When he escapes to the woods for a weekend, who should he run into but Cody—and his father. It seems fate is determined to push them together no matter what the cost.

Cody wants Andy so fiercely he can hardly breathe. If he acts on his desire his family might find out, and he knows for a fact they'd all disown him. Too steep of a price to chance a relationship with someone who's clearly indicated they're not interested.

Then Andy feels sympathy for Cody and befriends him, helping him come to terms with who he is: a gay man and so much more. At first, they both swear they won't be anything but friends. After all, there's too much on the line for each of them.

They can do it. They're both strong.

Yeah. Right.

*Book 2 of the Where There's Smoke Series. Each book is a **short story** which can be read simply to enjoy the sex scenes, but the story itself is a **serial**, spanning six books.
