Opposites attract! This unexplainable law of nature that mysteriously draws objects of opposite natures and characteristics together creates some major challenges in relationships. Could it be that God Himself is behind this irresistible force that draws us together for higher purposes than we at first may not understand? This book explores how the very traits that one finds so endearing and attractive at first in a relationship may in time come to drive you crazy! It is a practical and real life story of how God can use these divine differences to bring balance and blessing into our lives and into His Kingdom. So how are we to survive life when a hawk marries a turtle?
